

OUR GRANTS PRACTICE

Hanover's Grants practice provides research and grant solutions to post-secondary institutions. Hanover's grants professionals work with higher education institutions to locate private and federal funding opportunities, tailor projects to grantmakers' priority areas, and increase the overall efficiency of clients' grantseeking pursuits.

SAMPLE FUNDERS

FEDERAL

- U.S. Departments of:
 - NSF
 - DOD
 - DOL
 - HHS
 - NIH
 - ED
 - NEH
 - NEA
 - DOJ
 - HUD

FOUNDATION

- AstraZeneca HealthCare Foundation
- Bill & Melinda Gates Foundation
- Bristol-Myers Squibb
- Hearst Foundations
- PCORI
- Robert Wood Johnson Foundation

CORE CAPABILITIES

PRE-PROPOSAL SUPPORT

- Funding prospect research
- RFP and funder analysis
- Grants calendar for specific grantmakers
- Literature review and best practices research
- Concept paper development
- Partnership research and recommendations

PROPOSAL DEVELOPMENT

- LOI production
- Foundation proposal production
- Federal proposal production
- Program and research design consulting
- Comprehensive proposal review and critique
- Declined proposal consulting and redevelopment
- Grant application renewal
- Proposal production management

CAPACITY BUILDING

- Grantseeking strategy development
- Peer analysis and regional scan
- Grantsmanship training and workshops
- Grants policy manual
- PI mentoring and training (e.g., advising on project rationale, implementation, evaluation plan)
- Relationship building strategies

GRANT DEVELOPMENT TEAMS

TWO KEY CONTACTS	GRANTS SPECIALISTS
The Content Director allocates each project request to the appropriate Hanover grants consultant and manages its progress from start to finish. The Relationship Director manages the contract and ensures client satisfaction. The Relationship Director also liaises with other clients to provide peer networking opportunities.	Grants Consultants Provide: Proposal production and review services; program development consulting; grantsmanship training workshops; and project mentoring.
	Grants Researchers Conduct: Grants prospecting reports; RFP analyses; and funder profile reports.
	Primary and Generalist Researchers Perform: Peer group analyses; literature reviews; benchmarking reports; best practices research; and policy impact analyses.
